EXPERIENCE

Freelance UX/UI Designer 2025–Present

- Audited and redesigned reporting flows for Noah's Ark, a lost-pet recovery app. Used research and usability sessions to prioritize the steps people need when a pet is missing.
- Redesigned Lino's Pharmacy's homepage to make its existing AI-enabled assistant easier for patients to find and understand.

Product Designer | H-E-B 2022–2025

- Led discovery for an AI assistant within Salesforce workflows used by customer-service representatives; workshops and interviews helped identify priority tasks.
- Designed and evaluated prototypes with associates, managers, stakeholders, and engineering partners, working with content design and engineering to refine guided flows.

Product Designer | Dell 2020–2022

- Mapped the B2B small-business checkout experience and interviewed users to identify friction; explored changes through wireframes and prototypes.
- Prepared interaction details and design handoffs for engineering, collaborating with product and stakeholders during refinement.

UX/UI Designer | RoverPass 2020

- Designed calendar and checkout flows, wireframes, and prototypes; conducted usability sessions and reviewed concepts with the team.

Customer Experience Specialist, Spanish Department | eBay 2019–2020

- Supported Spanish-speaking customers, resolved problems, and documented cases in a fast-paced service environment.

Lead Graphic Designer | City of Hutto 2017–2019

- Worked on city branding and marketing projects, using interviews and research to inform messaging and design. Created work recognized with two TAMU awards.

Web Designer | My Lead System Pro 2016–2017

- Designed landing pages and email assets for client marketing needs; managed revisions and participated in platform research.
